

***MONTGOMERY NURSING AND
REHABILITATION CENTER***

VISITORS EXPECTATIONS FACT SHEET

- Visitors are screened for signs and symptoms of COVID-19 prior to resident access and visitation will be refused if the individual(s) exhibits any COVID-19 symptoms or do not pass the screening questions.
- Screening shall consist of both temperature checks and asking screening questions to assess potential exposure to COVID-19.
- No visitation in the dining room during mealtime
- Visitors must maintain social distancing, except when assisting with wheelchair mobility. (Social distance by at least 6 feet)
- Masks must be worn properly covering nose and mouth when on the premises of the nursing home.
- Follow instructional signs for any resident rooms with transmission-based precautions and wear PPE as directed.
- Perform **HAND HYGIENE** (e.g., use alcohol-based hand sanitizer)
